

## MEDICAL BOARDING AT COUNTY ANIMAL HOSPITAL

County Animal Hospital is pleased to offer medical boarding. Since we are an animal hospital, we can accommodate pets who have special medical or dietary requirements.

Reservations for this service should be made in advance. We request that you discuss your pet's special needs with one of our doctors when you make your reservation.

Pets to be boarded must have current immunizations. Required vaccinations: **Dogs:** DHPPV; Rabies, Bordetella, Influenza. Annual heartworm test and fecal required, with negative results. **Cats:** FVRCP and Rabies. Annual fecal required, with negative results. Exceptions are considered depending on medical history.

Fees for medical boarding are \$42\* per day for cats, \$38\* per day for dogs and birds, and \$59\* per day for large dogs using extra large cages. Diabetic board is \$47\*. These fees are payable in full at discharge by cash, check, Visa, MasterCard, Discover or American Express. There is an additional charge of \$53\* if you would like your pet bathed.

Please bring along your pet's medications and written instructions for their use. Upon admission, your pet will be inspected by a doctor or technician at no extra charge. If you have questions concerning your pet's health, please schedule a separate office visit for this purpose as boarding inspections are not intended as diagnostic office visits.

You may pick up your pet after 12:00 noon during regular office hours, Monday through Friday, and before 12:00 noon on Saturday. Please call before you come so we can make sure your pet is ready to go home. If you wish to come for your pet on an earlier date than expected, please call ahead and let us know so that your pet will be ready.

Our goals at County Animal Hospital are to serve you and to help your pets enjoy longer healthier lives. Medical boarding is another way that we are CARING ABOUT HEALTH.

\*All fees are taxable; fees are subject to change

## CARING ABOUT HEALTH
